To whom it may concern,

We are a remote service located approximately 230 km from Perth catering for children aged 6 weeks - 6 years and have recently had Kathy Possum attend our service for an in service music session show with our children. Kathy provided a great show that all the children and families thoroughly enjoyed and we would definitely have Kathy re-visit sometime soon.

Due to our location, to meet accreditation standards and being a not for profit organization it was a great opportunity to have Kathy and her show visit us as we do not get many opportunities for such things in our area. We found Kathy's show entertaining and educational for all ages and look forward to seeing her future original and entertaining performances.

Regards

Coastal Kids Care
