To Whom It May Concern

Our child care centre is located in Kununurra, WA, which is classed as a rural and remote East Kimberley town. We care for up to 60 children per day between the ages of 0-6 years.

In my 18 months as Director at the centre Kathy Possum has been the first incursion that has been available to us. Being so far away from our states capital city, Perth, and 8 hours from Darwin (by road) it is very hard for us to access support, training, and incursions for the children.

Kathy Possum provided an educational, interactive and fun incursion over 2 sessions for our children.

We all absolutely loved Kathy's show! The children enjoyed getting involved, and they talked about it for days after. Kathy's inclusion of music was really inspirational. We found the whole show to be really original, and think she should be recognized publically somehow. The presentation of the show was also ten out of ten, the stage set up, props, puppets, guitar, all contributed to the show being so successful.

The educational benefits we feel, from Kathy's show were extremely beneficial for the children. They learnt about Australia, and Australian animals, and many different other aspects of life (eg nature and the environment), and I would strongly recommend any other organisation book a show with Kathy. You would not be disappointed.

Immediately after the show we asked Kathy when she would be back in Kununurra, as we would definitely want to hold some more sessions in the future.

We wish Kathy Possum well in the future and look forward to seeing her again soon in Kununurra!

Yours sincerely

Janelle Atwell
Coordinator
